WORK EXPERIENCE

- 2022 ● **ARCHITECT - PROJECT MANAGER**
Gaido Architectes, Delemont - Switzerland
Working in 3D with Archicad in modern projects
- 2021 ● **ARCHITECT**
ARP Architectes, Verbier-Switzerland
Luxury chalet design in Revit
- 2021 ● **ARCHITECT**
DBET studio, Geneva-Switzerland
Working in 3D with Archicad in residential renovations and new constructions. My job was focused in THPE Buildings into french-swiss contest. Interesting experience
- 2020 ● **ARCHITECT**
HUB DESIGN studio, Bergamo-Italy
Working in 3D with B.I.M. based on Revit models for a complete management of the architecture. The 3D model was the tool for other softwares in order to organize the production of the industry. My job has been focused mostly in residential and industrial architectures, in different architectural phases.
- 2018 ● **ARCHITECT**
Get Planning and Architecture studio, Sutton-Surrey-London
Working between the design process with the drawing of sketches and the realisation of technical drawings as plans, elevations and sections for different clients.
Design of residential buildings and hotels with a british typical approach, developing very useful skills. Amazing experience
- 2017 ● **ARCHITECT ESTIMATOR**
Real estate studio Immobiliare Lecco
Working in the estimation of residential and commercial properties in Lecco and province with elaboration of commercial expertises to establish the Real Estate value of the buildings. Subsequently working in building technic relations, studying technical drawings (plans, views and sections) for the evaluation of compliance with urban laws.
- 2016 ● **INTERNSHIP**
Department of Architecture and Urban Studies-Polytechnic
Internship of 150 hours at the Polytechnic University of Milan. Study of different architecture typologies.
- 2010 ● **INTERNSHIP**
Architecture studio Pellegrini Alessandro-Bergamo,Italy
Six months internship in Architecture studio.
Elaboration of technical drawings. Renovation of an old building with a new design and a new organization of the interior spaces.
